Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are expected across the UK on Friday, with occasional showers along with some brisk winds helping to prevent the build-up of pollutants.

Tomorrow: Little change is expected on Saturday, with the strong breeze across the south, coupled with further heavy showers across the UK. This will ensure air pollution levels remain Low.

Outlook: Sunny spells and occasional showers are expected to continue through the period, with Low air pollution levels persisting across the UK.
